<h3>Cookie</h3>
<hr>
<p>A cookie is a baked or cooked snack or dessert
that is typically small, flat and sweet. It
```

usually contains flour, sugar, egg, and some type of oil, fat, or butter. It may include other ingredients such as raisins, oats, chocolate chips, nuts, etc.

In most English-speaking countries except for the United States, crunchy cookies are called biscuits. Many Canadians also use this term. Chewier biscuits are sometimes called cookies even in the United Kingdom.[3] Some cookies may also be named by their shape, such as date squares or bars.</p>
